

2009 SICTA SURVEY

SICTA is kicking off our third annual survey, and it keeps getting better every year. Last year, over 700 citizens responded to it, with results and comments publicly shared with everyone. You can still see our summary report on our website.

This year, we are **working with the Sea Isle Revitalization organization** and are expecting an even bigger turnout. As a result of our joint collaboration, this year's survey will have separate sections just for taxpayers, business owners and visitors. For most taxpayers, questions will be asked about their perceptions of City services, but if you are a business owner or visitor, we have some special topics for you.

Don't worry, we promise it will still only take a few minutes to complete!

Remember that all **completed surveys are anonymous, confidential** and, used only on an aggregated basis. We understand and appreciate that you are extending trust by sharing your opinions. We assure you that we will not ask your identity and will safeguard all responses.

Surveys give you a chance to set the record straight. You can tell us what is being provided superbly and what may be missing the mark. They also let everyone hear credible feedback from all our fellow citizens.

We believe that they are a useful tool for improving Sea Isle City, and can help guide our City Administration and Council, as well as our Boards, Commissions and Committees. Sea Isle Revitalization believes in its benefits and wanted to expand its usefulness. So please help the process by contributing your opinions.

The overall results will be presented publicly to everyone in the fall.

Thank you in advance for your help!
