

SICTA Alert – June 25, 2008

TOWN-WIDE SURVEY As most of you probably remember, we had our initial survey last year, to which over 600 citizens responded. We are hoping for an even higher turnout this year, as we have made it easier for everyone to complete by putting it entirely on the internet.

You can take the **new point and click survey on-line at www.sicta.org**

For this year, you can tell us about all City services which are now sorted by department. This should help you better understand departmental duties as well as provide better feedback to our department heads.

Completed surveys are anonymous, confidential and, used only on an aggregated basis.

Surveys give you a chance to set the record straight. They also let everyone hear credible feedback from our fellow citizens. We believe that they are a useful tool for improving Sea Isle City. So please help the process by contributing your opinions.

Overall results will be presented to City Government and at SICTA's next meeting.

Thank you in advance for your help!
